# JOSHUA ELLMORE

### **PERSONAL PROFILE**

I am a confident and professional individual who excels when working in a team, whilst also under pressure. I have attended Eastleigh College to complete the Level 3 Extended Diploma in the Built Environment with hopes to move on to a level 4 apprenticeship or studying at university. Whilst being at Eastleigh College I have generated great organization skills as completing 9 units can be very confusing.

I am working part time at Next and have enjoyed my time there, although I am extremely excited to move on to the next chapter of my life. During my time at Eastleigh College and Next I have been extremely punctual with 98% or more attendance with both organizations.

#### **HOBBIES**

I am a big football fan, I play weekly on a Sunday as well as Monday and find it very enjoyable, as well as being a good method of exercise and keeping fit.

## **NON-ACHEDEMIC NCS**

- Scouts Gold Award
- CSCS Green Card
- Full Driving License
- NCS

## **EDUCATION**

# Wyvern Technology College (GCSE)

2010 - 2015

Math's-C (Retaken and achieved at Eastleigh College)

English- B

ICT- Pass

Science-D

History- C

Citizenship-B

English Literature- D

# Eastleigh College

2015 - 2019

Level 2 Diploma in Maintenance-Pass

Level 2 Diploma in Plumbing-Pass

Level 3 Extended Diploma in Built Environment- MMP

## **University Of Winchester**

2021-Present

I am currently studying at the University of Winchester, working towards a degree in Computer Aided Design (CAD). I am in my first year of studies out of a minimum of three.

## **WORK EXPERIENCE**

# Morgan Sindall- Site Management

March 2018

I completed 35 hours of work experience with Morgan Sindall, where I shadowed the Assistance Site Manager to get a real idea of what roles and responsibilities the site manager carries out on a day-to-day basis.

### **Next- Customer Assistance**

November 2017-Present

During my time at Next I have always shown to be professional whilst in the job role, furthermore, growing my skills in customer service, which can be especially useful in further working environments. Valuable teamworking skills have been picked up at Next, such as working together to compete tasks that would be tricky to complete individually.

## **AE Plastering Services**

2015-Present

Working with a self-employed plasterer gave me an insight on the importance of being punctual, which I put to good using in achieving 98% attendance at both Next and Eastleigh College.

# Interserve- Site Management/ Quantity Surveying

May 2019

With Interserve I completed 35 hours of work experience gaining viable information of day-to-day lives for Site Managers, as well as quantity surveyors. For example, problems that occur on site that a Site Manager would deal with and completing take offs with the Quantity Surveyor.
